26 August 1966

MEMORANDUM FOR: Assistant Deputy for Operations, OSA

SUBJECT : [] Monthly Commander's Report - July 1966

1. The following comments are submitted on subject report:

REF: PART I ACTIVITIES (Para 4): This Headquarters has reviewed aircraft availability from sources other than USAF. In each instance, the aircraft was not suited for utilization at [] Headquarters will continue pursue this subject with USAF. However, as noted in previous correspondence, USAF assets remain in critical status for other commitments and are not available for [] employment.

REF: D. MATERIEL (Para 1): [] is in process of rebuilding and updating Article 383 to full configuration. The gear retraction problem area noted in this report is under separate study by that activity.

REF: D. MATERIEL (Para 2): [] has requested all future engine overhauls include installation of new heat shields.

REF: D. MATERIEL (Para 3): Built-up engines received at [] should all have attached "build-up" sheets. These instructions were reiterated to [] Request Hqtrs be advised of any future deviations.

2. All other portions of the report have been reviewed and noted.

[]
Deputy for Materiel, OSA
